

GRAIN AND OILSEED

Canada's agriculture sector faces unique labour market challenges in the coming years, and so will the grain and oilseed industry.

The industry includes farm operations that produce a wide variety of crops, with wheat, canola, soybeans, and feed corn being the industry's key products.

1/3

of workforce expected to retire over next 10 years.

Strongest increases in production, productivity, and labour force growth of any industry in the agriculture sector.

\$569

MILLION in lost sales in 2014. Greatest financial loss of any agriculture industry.

Labour gap predicted to triple by 2025 with up to 17,400 unfilled jobs.

Close to

80%

of labour force concentrated in prairies.

Employed

55,800

people in 2014.
