

# New Production Areas:

How are schools responding to new demands for training?

# How do we ensure our curriculum is current?

- ▶ Industry Advisory boards
- ▶ Be involved with commodity groups
- ▶ Liaison with employers and graduates
- ▶ Ensure faculty attend and present at agricultural conferences and meetings
- ▶ Keep current with agricultural publications and listserves
- ▶ Other ideas?

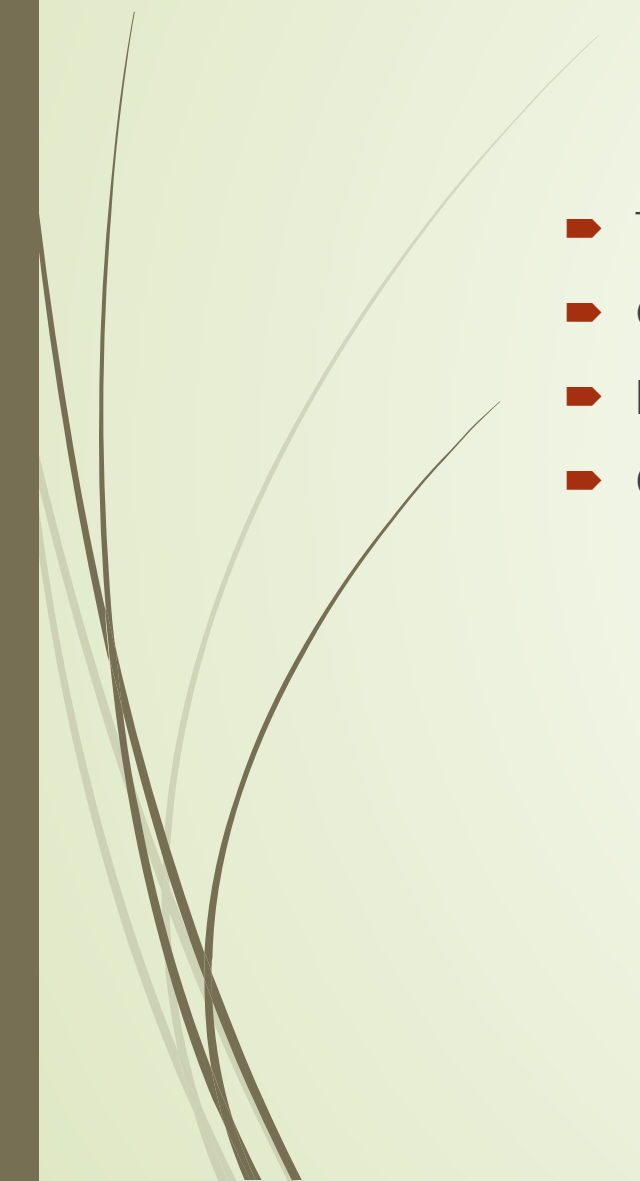

What does your school see as potential new production or innovation areas?

- ▶ <https://www.youtube.com/watch?v=Qmla9NLFBvU&feature=youtu.be>
- ▶ Discuss in table groups then with larger group

# Challenges to implementation

- ▶ Time to develop curriculum and have approved
  - ▶ Cost of technology
  - ▶ Finding qualified instructors
  - ▶ Other challenges?
- 

# Opportunities to help foster success

- ▶ Partner with industry
  - ▶ Apply for provincial or federal grants
  - ▶ Engage alumni to help raise funds and awareness of needs
  - ▶ Other suggestions?
-
